Memo Belmont to Boardman 6/20/58 advised of meeting regarding Presidential Emergency Action Documents to be held in Treaty Room, Executive Office Building, 3:00 p.m., 6/26/58, and it was approved that Section Chief Roach sit for Mr. Belmont and Supervisor Minnich to attend the meeting.

The meeting was presided over by Mr. Charles Sullivan, Assistant Director for Plans and Readiness, Office of Defense Mobilization (ODM), and after a few preliminary remarks, Sullivan introduced Brigadier General Andrew J. Goodpaster, Staff Secretary, White House. General Goodpaster made a few remarks concerning the importance of the Pre-Positioning Program for Presidential Emergency Action Documents, pointing out the President has approved the documents issued to date (a total of eight, six of which we have received as being of interest to us) and that even though the President has approved these documents, the President does not bind himself to the action specified therein. Subsequent to General Goodpaster's remarks, Sullivan reviewed the document program, the corresponding code lists for use with the documents in the event of an emergency, and in general introduced nothing not already known to us or already provided for in our handling of these documents. Subsequent to Sullivan's remarks, Gordon Gray, Director, ODM, was introduced, and his comments were merely repetitious of Goodpaster's and Sullivan's.

Memorandum Belmont to Boardman 6-19-58 advised of initial receipt of six documents*and corresponding code word list ~~in~~ captioned program; that the documents and analysis of each attached thereto together with the code word list would be pre-positioned in Mr. Belmont's office. Further, that we were requesting Office of Civil and Defense Mobilization (OCDM) for additional copies to be pre-positioned at Quantico, our relocation site. It was pointed out that upon receipt of copies for our relocation site, they would be sent to Quantico for maintenance in separate cabinets in the confidential file room where they will be immediately available for our use in the event of an emergency. Copies of the analysis of the documents will also be attached to the documents at our relocation site.

On September 16, 1958, Liaison Section obtained from OCDM four documents*and a corresponding code word list for pre-positioning at our site. Two of the documents were not available at this time and they are to be furnished by OCDM at a later date.

OBSERVATIONS:

Due to strict security requirements regarding the documents and code word list, they should not be transmitted to Quantico together in the same vehicle and upon arrival at Quantico, they should be maintained in separate cabinets in the confidential file room. Also, since these documents eventually will pertain to over-all Bureau functions and due to a necessity for seeing to the proper physical maintenance of the documents, it is believed the Liaison Section, which has over-all responsibility for Buplans, should be delegated the responsibility for a semiannual check of the documents and code word list to assure their proper physical maintenance.

In November, 1962, we received copies numbered 48 and 49 of PEADs, which will be issued in time of a national emergency. Copy number 48 was filed in Drawer 2, safe file, copy, in the Office of the Assistant Director, Domestic Intelligence Division (DID), and copy number 49 was filed with DID emergency records at Quantico.

In November, 1968, we received revised copies of Plan D (issued February, 1968) which prescribes major Federal policies and actions that will be required by the Federal Government during a crippling nuclear attack on the United States. A copy was filed with DID emergency records at Quantico, a copy was filed in Bureau files and a copy retained at the Buplans Desk.

There have been some changes in the PEADs which we have not been furnished in their entirety. However, a summary of these PEADs are contained in Plan D which was revised in March, 1970. In January, 1971, the Department furnished copy number 248 of Plan D, including PEADs copy number 106, which is maintained at Buplans Desk.

On 12/17/71 we received from the Office of Emergency Preparedness three additional copies of Plan D which are being distributed as follows:

Copy 442 (PEADs copy 299) - Records Branch - *12/28/71*
Copy 543 (PEADs copy 400) - SAC, Quantico - *detached & filed - 12/31*
Copy 544 (PEADs copy 401) - Assistant Director, DID.
